

EARLY YEARS FOUNDATION STAGE. PRE-NURSERY, NURSERY AND RECEPTION.

The Early Years Foundation Stage at The British College is the perfect choice for giving your child the very best start in their learning, development and growth.

We are able **to care for, nurture and educate your child from the age of one.** We have beautiful, fully equipped Pre-Nursery, Nursery and Reception classrooms, as well as spacious outdoor learning areas.

We follow the **British "Early Years Foundation Stage" National Curriculum**, which allows the children to grow, learn and thrive. Through supporting and teaching the children in their formative early years in small groups and individually, they will be ready for the challenges of Primary school when they are four years old.

At The British College we love music and offer regular involvement in group music sessions to support the development of the social skills of the children, such as taking turns, team work and cooperation.

We provide daily opportunities for a rich and varied music experience, helping the children to build their confidence and encouraging their self-expression.

Our Foundation Stage classes are led by **caring, dedicated and well qualified teachers**, the majority of whom have been part of The British College for many years.

We are proud to say that most of our children who join us in the first years of their education, stay with us until they complete Primary and Secondary school.

Forming **close, positive relationships with parents** is a vital part of what we do. You will be kept fully updated as to your child's progress. You are welcome to talk to our teachers every day, and you will also have interactive digital communication. We also use a daily communication diary, as well as regular emailed updates and termly reports. You can also access **live images of the classrooms** via our secure webcams.

At The British College our aim is:

- To help each child achieve their full potential.
- To provide a safe, warm and exciting environment in which each child can develop.
- To give each child the knowledge, skills, concepts and attitudes to make the learning process rewarding and exciting.
- To help children become confident in the use of language and number.
- To help children develop personal and social skills.
- To promote an awareness of moral, social and cultural values.

Our teaching is planned carefully and children are supported by both the teachers and teaching assistants in order to personalise their learning and allow them to flourish.

As well as following a high quality British curriculum our children take part in a **vast range of exciting events** across the school year, such as:

- World Book Day
- Science Week
- Art Week
- Sports Days
- Concerts
- Arts Evenings
- Educational Excursions

With us the children enjoy an **enriched curriculum** and join the whole school in the celebration of important events and themed weeks throughout the year such as:

- Christmas Fayre
- Carnival
- Spring and Easter
- Summer Fayre
- End of Reception Year Graduation

Come and see for yourself just how much we can offer your children. We are confident that by placing your trust in us, your child will receive the best possible start to their learning journey. Please get in touch to arrange a visit and a meeting with the Headmistress.
